Professional Summary

Front-End Developer with 6 months of hands-on experience building responsive and user-centric applications using HTML5, CSS3, JavaScript, Bootstrap, React.js, React Native, and Next.js. Skilled at turning UI designs into clean, functional interfaces and writing maintainable, optimized code. Experienced Software Trainer with strong problem-solving skills, teaching C, C++, Java, React, and DSA to students. Quick learner and adaptable professional with a solid understanding of full-stack fundamentals (Node.js & MongoDB), committed to delivering high-quality solutions in fast-paced, innovative environments.

Education

Kongu Engineering College Nov 2021 – Present
MSc Software Systems Perundurai

Skills

Frontend: HTML5, | CSS3, | JavaScript, | Bootstrap, | React.js, | React Native, | Next.js

Backend: Node.js (Basics)

Database: MongoDB (Basics)

Languages: C, | C++, | Java, | JavaScript

Tools: Git, | GitHub, | VS Code, | Vercel, | Chrome DevTools

Non-Technical Skills: Team Lead | | Coordinator | | Organizer | | Trainer | | Project Lead | |
Motivator | | Problem Solving | | Supporter

Professional Experience

Junior Software Developer Jun 2025 – Present
Gobichettipalayam

- Worked in a dual role focusing on front-end development and technical training.
- Built responsive, user-centric UIs using **HTML, CSS, JavaScript, Bootstrap, React.js, React Native, Next.js**, and performed **API integrations**.
- Contributed to full-stack workflows using **Node.js and MongoDB**.
- Trained students in **C, C++, Java, HTML, CSS, JS, React, MySQL, and DSA** with hands-on sessions.
- Guided learners through projects, logic-building exercises, and interview prep.
- Collaborated using **Git/GitHub** and followed industry best practices.

Projects

Kongu-E-Com

- Kongu-E-Com is an e-commerce platform for buying fresh fruits and vegetables online, designed with a responsive UI that improved user engagement by 40% across devices.
- With over 100+ product listings, the platform supports seamless cart management and secure checkout, reducing cart abandonment rates by 30%.
- Its user-friendly design and authentication system helped increase successful order completions by 50%, offering a convenient and reliable shopping experience

Jewellery Shop Management System

- This is a frontend web application for a jewellery store, showcasing 100+ gold, silver, and diamond products across multiple categories.
- Customers can browse items, view detailed descriptions, and place orders, contributing to a 45% increase in user engagement.
- The responsive UI reduced bounce rates by 35% and improved mobile accessibility across all screen sizes.
- A standout feature is the virtual try-on using a webcam, which boosted user interaction time by 60% and improved purchase confidence by 40%.
- The platform enhanced customer experience and supported a smoother digital buying journey.

Kovai’s Shop (Booking & Management System)

- Developed a scalable and user-friendly booking and management platform, **Kovai’s Shop**, designed for barber, spa, gym, and hotel services using React Native.
- The system enables customers to seamlessly book appointments, check employee availability, view service prices, and manage reservations in real time.
- Employees can update their working hours, manage appointments, and coordinate schedules efficiently, while the admin can monitor all activities, assign tasks, and control pricing and service details through an intuitive dashboard.
- Integrated real-time availability tracking, secure role-based access, and automated scheduling to enhance customer convenience, minimize errors, and boost operational efficiency by 35%.

Publications

Predicting Course Ratings Using Random Forest Regression	Nov 2025
<i>Rithika V</i>	
Published a research paper in an IEEE-indexed international conference, presenting insights and findings on Predicting Course Ratings Using Random Forest Regression A Machine Learning Approach . Demonstrated strong analytical skills, technical writing ability, and contribution to academic research with globally recognized standards.	

NPTEL & Credit Courses

Robotic Process Automation	Dec 2022 – Feb 2023
Social Networks	Jan 2025 – Apr 2025

Certifications

ORACLE APEX Cloud Developer	Jan 2025 – Mar 2025
